I, Robert A. Allen, being first duly sworn depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me during May 1930 and from an inspection and check made in the field; that it truly and correctly represents the location of and works used for irrigation from a deep well in Douglas County, Nevada; that the point of diversion, location of ditches, the extent and location of the lands owned by applicant upon which water applied for under application No 7862 is used after vested water right from Carson River ceases to be of benefit are fully and correctly designated hereon.
