APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source: A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times. This permit is issued subject to all existing rights on the source and does not in any way grant the permittee right of ingress or egress. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.7 a seasonal duty of cubic feet per second, but not to exceed 4.0 acre-feet per acre of land irrigated from any and/or all sources. Actual construction work shall begin on or before May 17, 1967 Proof of commencement of work shall be filed before June 17, 1967 Work must be prosecuted with reasonable diligence and be completed on or before May 17, 1968 Proof of completion of work shall be filed before June 17, 1968 Application of water to beneficial use shall be made on or before May 17, 1969. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 17, 1969
