I, Frank Walker, being first duly sworn, depose and say that this map, has been correctly drawn to the designated scale from field notes of a survey made by me between the third and 14th day of November 1929; that it truly and correctly represents the location and extent of the proposed works used to divert water from FORT CREEK in Lincoln County by Wm MATHEWS for stock watering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, the place and manner of use, and the location and name of all other streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
