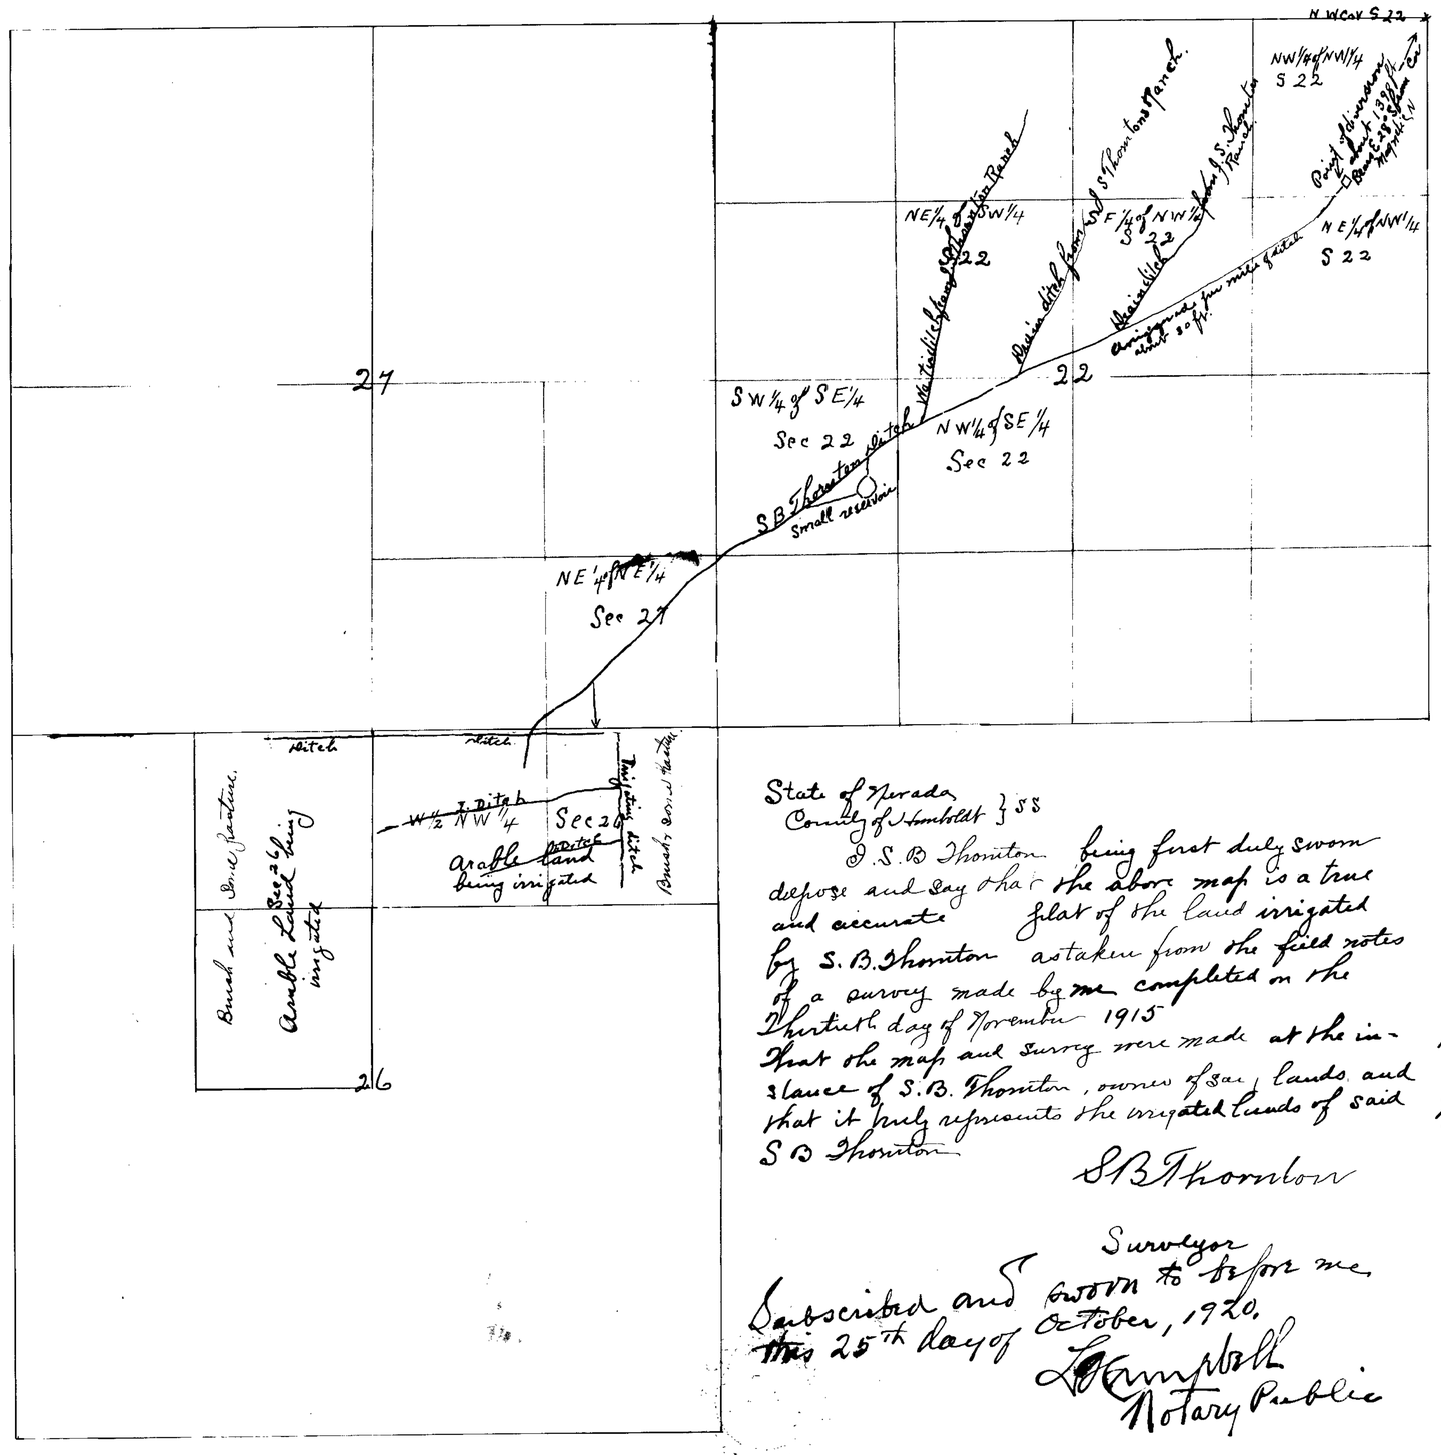
| Section | Sub Division | Town Ship | Range | Cultivated Acreage | Dep of Culture | Date of first Culture |
|---|---|---|---|---|---|---|
| 26 | W½NW¼ N½SW¼ | 30N | 35E. | 50A | Alfalfa Wildgrass. | |
| | | | | 50A | Brush and Grass | |



Note.- Owing to uncertainty of water, varying according to the season from a few miners inches to as much as is required to irrigate the greater part of the ranch, the land marked as "alfalfa" is mixed with natural grass "rye grass" mostly which survives the dry seasons while the alfalfa will gradually die out if not sufficiently irrigated. The alfalfa is reseeded whenever water is plentiful enough. All the water that leaves the James S. Thornton ranch is used at all times.

State of Nevada
County of Humboldt } SS

I. S. B. Thornton being first duly sworn depose and say that the above map is a true and accurate plat of the land irrigated by S. B. Thornton as taken from the field notes of a survey made by me completed on the Thirtieth day of November 1915

That the map and survey were made at the instance of S. B. Thornton, owner of said lands and that it truly represents the irrigated lands of said S B Thornton

S B Thornton

Surveyor

Subscribed and sworn to before me this 25th day of October, 1920.

L. Campbell
Notary Public

Name of owner of land
S. B. Thornton
Name of Stream from which water is taken.
Buena Vista Creek.
