I, H.H. Sheldon, being first duly sworn, depose and say that the above map is a true and accurate plat of the irrigation works and irrigated lands, as taken from the field notes of a survey made by me completed on the 2nd day of May, 1924; that such survey was made at the instance of Anatole (Albert) T. Lay; that the map represents the works described in Application No. 3861, together with the location of streams and ditches in the immediate vicinity.
