I, W. H. Sattelmayer, being first duly sworn, deposes and say that, this map has been correctly drawn to the designated scale from field notes of a survey made by me on the 15th day of November 1929, that it truly and correctly represents the location and extent of the works used to divert water from the South Fork of the Onyhee River in Elko County, by Barney Monasterio for irrigation purposes under applications Nos. 4000 and 6311. That the points of diversion, the location and size and grade of the diverting channels, the location and extent of lands owned or controlled by the applicant upon which water applied for under applications No. 4000 and 6311 is used, together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works or streams wherever crossed by or connected with said works carefully and correctly designated thereon.

W. H. Sattelmayer
STATE WATER RIGHT SURVEYOR.

Subscribed and sworn to before me this 17th day of January 1930

James Dysart
Notary Public in and for Elko County, Nevada.
