APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the manner and place of use of the waters of Cottonwood Creek as heretofore granted under Permit No. 14714, is <sup>issued</sup> subject to the terms and conditions imposed in said Permit No. 14714 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The quantity of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed 0.025 cubic foot per second.

Actual construction work shall begin on or before February 21, 1958.

Proof of commencement of work shall be filed before March 21, 1958.

Work must be prosecuted with reasonable diligence and be completed on or before February 21, 1959.

Proof of completion of work shall be filed before March 21, 1959.

Application of water to beneficial use shall be made on or before February 21, 1961. Proof of the application of water to beneficial use must be filed with State Engineer on or before March 21, 1961.
