I, Richard W. Forman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 15 th day of August, 1985 and the 4 th day of November, 1985; that it truly and correctly represents the location and extent of the works used to divert water from Sunnyside Creek and Tributaries, in Nye County, by Nevada Department of Wildlife for Irrigation, Domestic and Stockwatering purposes. That the points of diversion, the location and size of the diverting channel, the place and manner of use, the location and names of all other works or streams which are crossed by or connected with said works, and the boundary, area and kind of culture of lands irrigated are correctly shown and designated hereon.
