APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant same, subject to the following limitations and conditions: This permit to change the place of use of the waters of New Year Lake, as heretofore granted under Permit No. 11193, is issued subject to the terms and conditions imposed in said Permit No. 11193 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 7200 acre-feet per season.

395 A.F. changed to under 14492

Actual construction work shall begin on or before November 8, 1958

Proof of commencement of work shall be filed before December 8, 1958

Work must be prosecuted with reasonable diligence and be completed on or before November 8, 1959.

Proof of completion of work shall be filed before December 8, 1959

Application of water to beneficial use shall be made on or before

November 8, 1962. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 8, 1962.
