APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only

a temporary allowance and that the final water right obtained under this permit will be dependent upon the number of stock watered daily, which number must be stated in the proof of beneficial use when filed. The state retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.186

cubic foot per second, or sufficient to water 3,000 head of sheep. Actual construction work shall begin on or before February 6, 1959.

Proof of commencement of work shall be filed before March 6, 1959.

Work must be prosecuted with reasonable diligence and be completed on or before February 6, 1960.

Proof of completion of work shall be filed before March 6, 1960.

Application of water to beneficial use shall be made on or before February 6, 1962. Proof of the application of water to beneficial use must be filed with State Engineer on or before March 6, 1962.
