APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights and is further subject to revocation when water is available from the Las Vegas Valley Water District, and is limited to what the well will produce but not to exceed 0.10 c.f.s. A meter must be installed in the discharge pipe line, near the point of diversion, and accurate measurements must be kept of water placed to beneficial use. This source is located within an area designated by the State Engineer pursuant to NRS 534.030, therefore the State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.10 cubic feet per second.

Actual construction work shall begin on or before July 28, 1959

Proof of commencement of work shall be filed before August 28, 1959

Work must be prosecuted with reasonable diligence and be completed on or before July 28, 1960

Proof of completion of work shall be filed before August 28, 1960

Application of water to beneficial use shall be made on or before July 28, 1960. Proof of the application of water to beneficial

use must be filed with State Engineer on or before August 28, 1960

Map filed Sept. 18, 1958
Commencement of work filed JUL 13 1959
Completion of work filed AUG 5 1960
Proof of beneficial use filed AUG 5 1960
