I, W. H. Sattelmayer, being first duly sworn, depose and say that this map, has been correctly drawn to the designated scale from field notes of a survey made by me on the 20th day of July 1929; that it truly and correctly represents the location and extent of the works used to divert water from an un-named spring, in Elko County, by Griswold-Henderson Livestock Co., for stockwatering purposes under application No. 8246. That the point of diversion, the location of troughs and other appurtenances used by the applicant under application No. 8246 are fully and correctly designated thereon.
