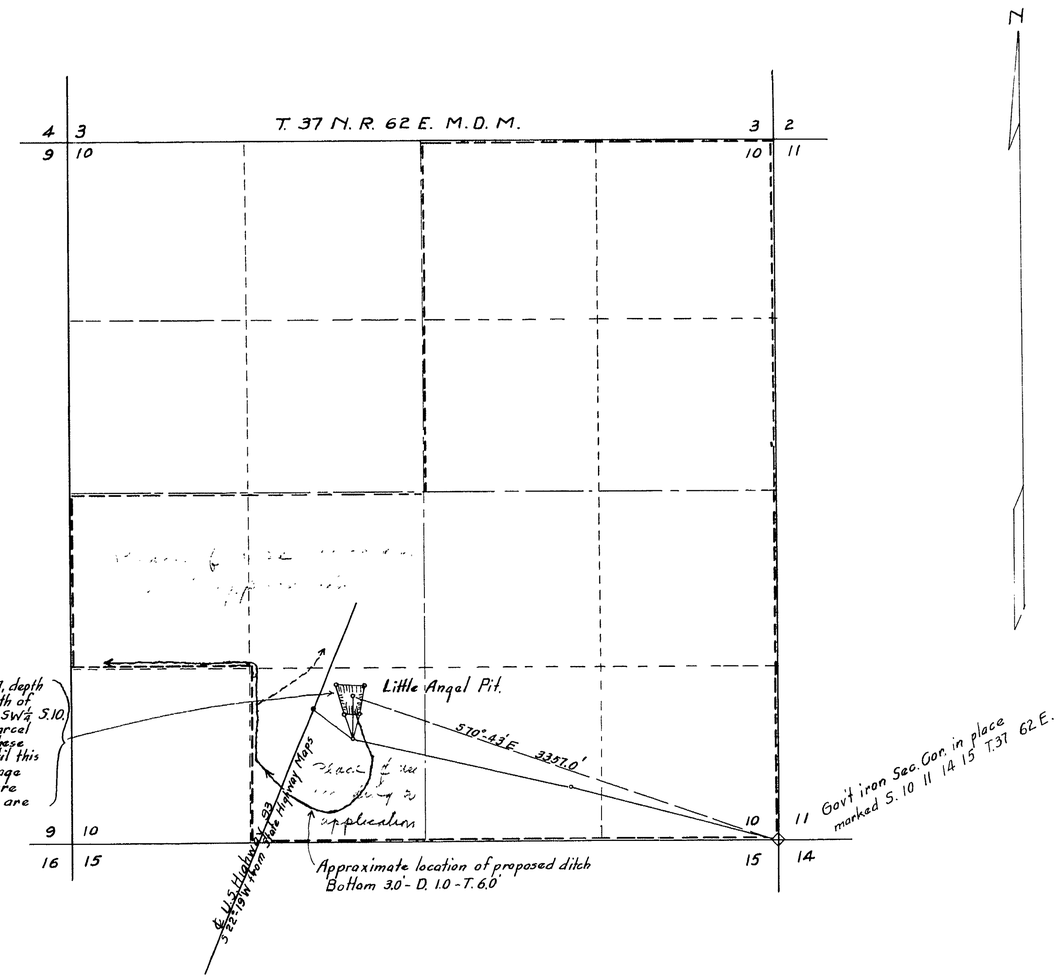
This pit dug with bulldozer and drag line in fall of 1947. On Dec. 12 1947, depth of pit from ground surface to surface of water 14.0' with water depth of from 5 to 6 feet. Land to be irrigated is in N½ of SW¼ and SE¼ of SW¼ S.10. U.S. Highway 40, now under reconstruction, crosses the former parcel and U.S. Highway 93 crosses the latter parcel. The junction of these two highways will be situated on this applicant's land, and until this construction is completed, rights of way established and drainage structures installed the acreage to be irrigated in each 40-acre tract cannot be determined. Pump, pipe line and ditches are to be used in water distribution system.



STATE OF NEVADA
County of Elko } ss

I, J. L. Vandiver, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me on December 12th 1947; that it truly and correctly represents the proposed location and extent of the works used to take water from LITTLE ANGEL PIT in Elko County by W. W. BIRDZELL for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands showing by 40-acre subdivisions, land on which water is to be placed.

J. L. Vandiver
State Water Right Surveyor

Subscribed and sworn to before me this 15th day of December 1947.

Notary Public in and for Elko County Nevada.
Albert Siefe
My Commission expires August 4, 1951
