I, Robert S. Leighton, being first duly sworn, depose and say, that this map has been correctly drawn to the designated scale from field notes of a survey under my supervision and direction on June 22, 23 1954; that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Pershing County by George D. Brown for irrigation purposes. That all other works or streams which are crossed by or connected with said works, and the boundary, area, and kind of culture of lands irrigated are correctly shown and designated hereon.
