
STATE OF NEVADA }
COUNTY OF NYE } SS.

I, C. A. Liddell, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from the field notes of a survey made by me, May 19, 1952; that it truly and correctly represents the proposed location and extent of the works used to divert the water from the well in Nye County by FRANK A. BUOL for irrigation and domestic purposes. That the proposed point of diversion, the well, the approximate location of the diverting channel, and the boundary of the lands, showing by 40-acre subdivisions, and lots, the area proposed to be irrigated are fully and correctly shown.

There are at present no works of any kind on the property and none can be planned until water has been developed. The size of the ditches can not be approximated until the amount of water the well produces is determined.

C. A. Liddell
State Water Right Surveyor.

Subscribed and sworn to before me this 2d day of May 1952.

W. B. Jaimieth
Notary Public in and for Nye County, Nevada.
