RE: WELL ABANDONMENT REPORT
UNION 76 SERVICE STATION NO. 5213
1212 EAST TROPICANA AVENUE
LAS VEGAS, NEVADA
FACILITY ID NO. 8-000745

Dear Mr. Rushanan:

SECOR International Incorporated (*SECOR*) on behalf of its client, TOSCO Marketing Company (TOSCO) is providing this well abandonment report. Well abandonment activities were conducted pursuant to Nevada Division of Environmental Protection (NDEP) correspondence dated May 8, 1998 which granted administrative closure of the site. *SECOR* submitted a request for closure that was approved by NDEP on July 6, 1998.

SECOR personnel supervised well abandonment of MW-1A, MW-3A, and MW-4 (Figure 1) on October 1, 1998. Compliance Drilling Company, a State of Nevada licensed driller, was contracted to abandon the wells in accordance with Nevada Administrative Code Section 534.420. Each well was abandoned by removing the well casings. The well cover and concrete well pads were chipped out. Debris from the wells were disposed of by Compliance Drilling Company. The remaining hole was then grouted and topped with cement. The boreholes were filled in with cement to match the parking lot surface and sealed.

An *Intent to Drill Card* and *Well Drillers Reports* were submitted to the Nevada Division of Water Resources by the driller.
