I, Bernard York, State Water Right Surveyor, being first duly sworn, depose and say that this map, consisting of but this one sheet, has been correctly drawn to the designated scale from the field notes of a survey made by me on the 15th day of September, 1966; that it truly and correctly represents the location and extent of the works used to divert water from UNDERGROUND at TAYLOR WELL in ESMERALDA COUNTY, by LAWRENCE E. TAYLOR, for irrigation and domestic purposes under application No. 16623; that the point of diversion, the location, size and grades of the diverting channels, location and description of all measuring devices, the location and extent of all lands owned or controlled by the applicant upon which water applied for under application No. 16623 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Bernard York
State Water Right Surveyor

Subscribed and sworn to before me this 27th day of September, 1966.

Eugene S. Gates Jr.
Notary Public in and for the County of Mineral, State of Nevada.
My commission expires May 24, 1970

EUGENE S. GATES, JR
Notary Public — State of Nevada
