I, William J Johnstone, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me and completed on July 22, 1966, that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Lyon County for irrigation and domestic use by H.E. Heidenreich and G.F. Minor, that the boundary, area, and kind of culture on lands irrigated are correctly shown and designated hereon.

William J Johnston
State Water Right Surveyor
