No. 72536

APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Date of filing in State Engineer's Office APR 06 2005

Returned to applicant for correction

Corrected application filed

Map filed MAY 09 2005 under 72535

The applicant **Granite Fox Power, LLC, a Delaware limited liability company,** hereby makes application for permission to change the **point of diversion, place and manner of use** of water heretofore appropriated under **Permit No. 65078**

****

1. The source of water is **Artesian well.**

2. The amount of water to be changed **1.5 cfs (See Note 15)**

3. The water to be used for **Industrial Power Generation, and Domestic**

4. The water heretofore permitted for **Irrigation**

5. The water is to be diverted at the following point **NW¼ NW¼ Section 11 T30N, R19E, MDM or at a point from which the NE corner of Section 5 said township and range, bears N 58° 34' 10" W, a distance of 12,605.0 feet.**

6. The existing permitted point of diversion is located within **NW¼ SE¼, Section 24, T32N, R17E, MDM, or at a point from which the SE Corner of Section 31, T32N, R18E, MDM, bears S 29° 00' 52" E, a distance of 14,486.11 feet.**

7. Proposed place of use **See Attachment "B"**

8. Existing place of use **See Attachment "A"**

9. Use will be from **January 1** to **December 31** of each year.

10. Use was permitted from **January 1** to **December 31** of each year.

11. Description of proposed works **Drilled and cased well, submersible pump and electric motor, electrical control system, piping system to collection reservoir, thence piping and pumping systems to storage reservoir on place of use. Water will thereafter be piped to the electrical generating facilities.**

12. Estimated cost of works **Each well will cost approximately $200,000.00, total water system will be approximately $30 million.**

13. Estimated time required to construct works **5 years**

14. Estimated time required to complete the application of water to beneficial use **10 years**

15. Remarks: **Not to exceed 1,085.96 acre-feet annually. Supplemental to Applications 64968, 64969, Proofs 09063 and 09083. This application to change is being filed in the name of Granite Fox Power, LLC, a Delaware limited liability company. At a later date, simultaneously to or prior to the State Engineer granting the application to change, the chain of title will be complete from the owner of record as reflected on the State Engineer's records to the Applicant. The Applicant intends to construct a 1450 megawatt coal fired power plant, which power plant will be equipped with state of the art environmental controls. The total**

consumptive duty to be placed to be beneficial use and utilized at the plant, will be determined upon filing the Proofs of Application of Water to Beneficial Use. The water transferred pursuant to this application to change is based upon previously permitted water rights, or claims of vested rights. New appropriations of water are not being sought by the Applicant.
