— Engineer's Certificate —

Robert Gorlinski, being duly sworn, says he is an Engineer by profession and acting under authority from Chas. H. Gitsch and F. J. Hagenbarth, two of the applicants for Permit to appropriate the Public Waters of the State of Nevada, designated No. 1642, he has prepared this map showing the Line of Diverting Channel to divert the waters of Jarbidge River for the purpose of placer Mining and sluicing the auriferous sands and gravel, contained within the Park Placer Mining Claim No. 3. Placer. U.S. Sur. No. 4043, in the Jarbidge Mining District — Elko Co. Nevada — and within the Humboldt — National Forest Reserve — That this map was prepared by this affiant from the field Notes of actual Survey made by Herbert L. Owens, Engineer, of the Line of Diverting Channel, as shown hereon, acting under direction of this affiant and authority of said applicants — described as follows, to wit:

Commencing at a point of diversion on said Jarbidge river, bearing S 77°28' E 1265.6 ft. from the U.S. L.M. No. 230. in said Jarbidge Mining District, Elko Co. Nevada — and also bearing N. 41°48' W. 382.1 ft. from the Junction of Bourne Gulch with said Jarbidge River, the Line of the Diverting Channel running thence on the Courses and Distances as shown on this map — the grade of the diverting Channel being 0.2 ft. per 100 ft.

That the waters of said River will be used for sluicing throughout the entire placer Claim aforesaid — U.S. Sur. No. 4043, and all returned to the Natural Channel or bed before reaching the north boundary or Line 21-22 of said Placer Claim.

That no Lake or Lake bed — stream or stream bed, is used for the said diverting channel except as shown on this map —

Salt Lake City, Utah. June 5. 1912.

I, Chas. H. Gitsch, one of the applicants for Permit to appropriate the Public Waters of the State of Nevada, under Application No. 1642, dated Apr. 2. 1912, and approved Dec. 13. 1911, do hereby certify, in behalf of himself and his Co-applicants, that Robert Gorlinski, who subscribed the accompanying affidavit is the Engineer, employed by himself and his Co-applicants, to make the Survey, and to direct and Supervise the Same — That the Survey of said Line of diverting Channel is correctly represented on this Map and by the accompanying field notes, and in its relative position to the Park Placer Mining Claim No. 3. Placer. U.S. Survey No. 4043, in the Jarbidge Mining District, Elko Co. Nevada — and within the HUMBOLDT NATIONAL FOREST RESERVE, was made under Authority from himself and his Co-applicants, and for the sole purpose of the Placer Mining of the Placer ground, contained within said Placer Claim — U.S. Sur. No. 4043, the waters diverted from said Jarbidge river to be used for the operation of the necessary hydraulic giants for sluicing the gold gravel, and throughout the entire Placer Claim, U.S. Sur. No. 4043, owned by himself and his Co-applicants — said waters to be returned to the Natural Channel or Bed of said River before reaching the North Boundary or Line — 21-22 — of said Placer Claim. That no Lake or Lake bed, Stream or stream bed is used for said diverting channel except as shown on this map — and that the Map has been prepared to be filed for the approval of the proper officials and authorities in order that a right-of-way may be had as desired by the undersigned and his Co-applicants for the purposes hereinbefore stated, in good faith, and not for commercial nor speculative benefits nor advantages.
