APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the manner and place of use of the waters of an underground source as heretofore granted under Permit 10439, is issued subject to the terms and conditions imposed in said Permit 10439 and with the understanding that no other rights on the source will be affected by the change proposed herein. A meter must be installed in the discharge pipe line near the point of diversion and accurate measurements must be kept of water placed to beneficial use. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.10 cubic feet per second

Actual construction work shall begin on or before May 18, 1964

Proof of commencement of work shall be filed before June 18, 1964
