I, Charles G. Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of surveys made by me between Dec. 17, 1947, and July 5, 1948; that the courses were deflected from a portion of the 4th Correction, or Standard Parallel, South; that it truly and correctly represents the location and extent of the works used to divert water from an underground source, ARTESIAN WELL, in Nye County, Nevada, By T.A. McCall for domestic and stockwatering purposes. The point of diversion, the approximate location and size of the diverting Conduit, the place and manner of use, and the location and names of all other works or streams, which are crossed by or connected with the works, are fully and correctly designated thereon.

Charles G. Walker.
State Water Right Surveyor.

Subscribed and sworn to before me this 16 day of July, 1948.
