APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion and place of use of a portion of the waters of the Truckee River as heretofore granted under Permit 68436, which changed the point of diversion and place of use of a portion of Claims 454/455 and a portion of Permit 11489, Certificate 4827, which changed the point of diversion of Claim 243, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued subject to the continuing jurisdiction and regulation by the Federal Water Master and State Engineer.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)
