I, L. B. Spencer, being duly sworn, depose and say that this map has been correctly drawn to the designated scale from the Field Notes of a survey made by me between the 1st day of April and the 10th day of May, 1950; that it truly and correctly shows the location and extent of the proposed works used to divert the water from Underground Source at Well No.1, Well No.2, Well No.3 and Twin Mills Well, and from Coyote Spring in Nye County, Nevada. That the Point of Diversion, Place of Use and all other works for each appropriation are fully and correctly shown for Stockwatering Purposes.
