I, C.D. BAKER, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision June 5, 1950; that it truly and correctly represents the location and extent of the works used to divert water from MUDDY VALLEY FLOOD CHANNEL by LOUIS ADAMS for irrigation use. That the point of diversion, approximate size of diverting channel, place and manner of use, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated thereon.
