3 notches South

Discription of Pond
Crest 125 ft. long – 9ft. top – 7ft. deep
Water 5ft. deep to spillway level.
Backed 100ft. – 80ft. wide.

STATE OF NEVADA
County of WHITE PINE } ss.

I, J.V. Caselli, being first duly sworn, depose and say that this map, consisting of one sheet, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me between the 3rd day of August and the 4th day of August, 1952, that it truly and correctly represents the location and extent of the proposed works used to divert water from GEORGE'S WATER CHANNEL, in Nye County, by FALLINI BROTHERS for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated theron.

J.V. Caselli
State Water Right Surveyor.

Subscribed and sworn to before me this 14 day of August, 1952
