I, Robert S. Leighton, being first duly sworn, depose and say that this map is correctly drawn to the designated scale from field notes of a survey made by me on July 9, 1953. That it truly represents the works used by the First Nat'l. Bank of Nevada, trustee to divert water from Cold Sulphur Springs in Humboldt County for mining, milling and domestic purposes.

All other works crossed by or connected with said works are correctly shown thereon.
