
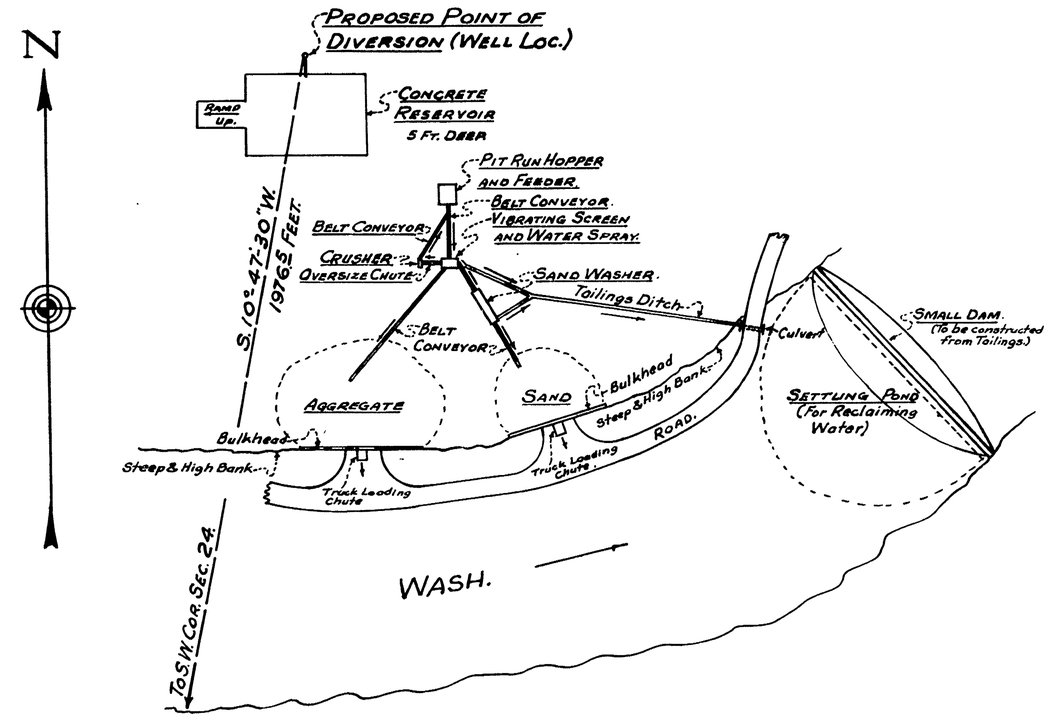
SECTION 24, T.21S., R.60E., M.D.B. & M.

500 0 500 1,000 1,500 2,000 2,500 3,000

SCALE IN FEET.
(One Inch = 400 Feet).

BASIS OF BEARINGS.

The west boundary line of Section 24 was checked by compass and based on a magnetic variation of 15½°E (from U.S.G.L.O. Township Plat) was found to bear N.3°-00'W. and as such was used as the basis of bearings on this survey.



LAYOUT AND LOCATION OF PROPOSED WORKS.

(Scale: One Inch = 40 Feet.)

GENERAL NOTES.

1. Portable gasoline motor driven pumps will be used to pump water from reservoir to washing plant and from settling pond back to reservoir. The connecting pipes and hoses will be portable in nature and are not shown hereon.
2. A pump of adequate capacity will be installed at Point of diversion.
3. Ramp at reservoir is for purpose of cleaning sediment from reclaimed water in reservoir.

STATE OF NEVADA, } SS.
County of Clark.

I, Ernest H. Clary, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 5th day of July and the 8th day of July, 1953; that it truly and correctly represents the location and extent of the works used to divert water from an underground source (Las Vegas Artesian Basin), in Clark County, by E. Hitchcock for industrial (washing sand and gravel) and domestic purposes. That all other works or streams which are crossed by, or connected with, said works are correctly shown and designated thereon.

Ernest H. Clary.
State Water Right Surveyor.

Subscribed and sworn to before me this 13th day of July, 1953.

Lois Craig
Notary Public in and for Clark County, Nevada.

My commission expires February 27, 1956.
