I, J. L. Vandiver, being first duly sworn depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me on May 26, 1953, surveys and maps made by C.C. Smith in 1915, also surveys and maps made by John E. Hayes between August 20 1951 and April 7 1952 under direction and supervision of W. H. Settelmeyer; that it truly and correctly represents the location and extent of the works used to divert water from Lime Creek in Elko County by Lester Agee for irrigation purposes. The point of diversion, location and size of the diverting channel and boundary of all lands shown by 40 acre subdivisions the areas proposed to be irrigated are designated on this map or on the map made by C.C. Smith.
