I, L. M. Bobeau, being first duely sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 11th day of October 1954; and that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Nye County, by Virgil McGee for irrigation purposes under application No 18316. That the extent of the lands owned or controlled by the applicant under this application, together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other works and streams which are crossed by or connected with said works are fully and correctly designated hereon.
