
STATE OF UTAH
COUNTY OF WASHINGTON

I, Leo A Snow being duly sworn depose and say that this map, of one sheet, has been correctly drawn from field notes of a survey made by me in 1953 and 1954: that it truly and correctly represents the actual location of the canal used to divert water from the Virgin River for irrigation purposes. That the point of diversion and location and size of the canal and other works crossed by said canal, and the boundary of all lands showing by 40 acre subdivisions the acres irrigated and proposed to be irrigated are correctly represented thereon.

State Water Rights Surveyor.

Subscribed and sworn to before me this 17 day of Sept. 1954

Notary Public

My Comm. Exp. Jan. 22, 1956
