I, E.P. Osgood, being first duly sworn, depose and say, that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me from Mar 10th to May 13th 1955 that it truly and correctly represents the location and extent of the works used to divert water from Big Creek by Concrete Flume in Lander County, Nevada by Roy Henrietta Visbeek for Irrigation and Domestic Use.

That the actual point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works of streams, which are crossed by or connected with the said works, are fully and correctly designated thereon.
