
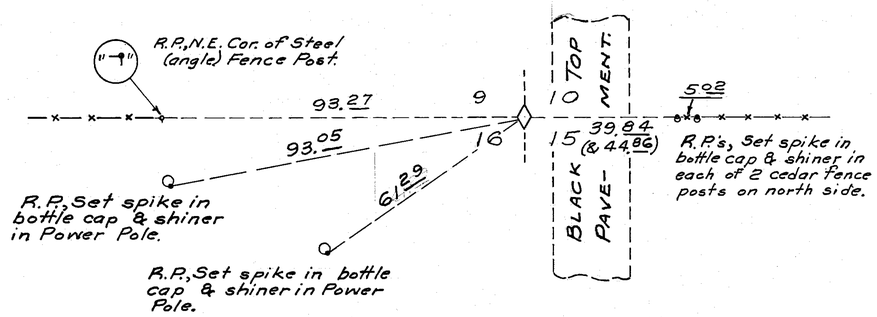
SECTION 10, T.21S., R.62E.
M.D.B.&M.

1,000 500 0 1,000 2,000 3,000

SCALE IN FEET.
(One Inch = 400 Feet)



SKETCH SHOWING LOCATIONS OF REFERENCE POINTS TO THE S.W. CORNER OF SECTION 10, T.21S., R.62E., M.D.B.&M.
(No Scale)

GENERAL NOTE:
It is very prebable that in the near future the S.W. Corner of Section 10 will be damaged badly or completely destroyed since its location is very vulnerable. Consequently & because the point of diversion is and was originally tied to this corner, it was referenced out as shown above in order to facilitate its being reset if and when it is knocked out.

STATE OF NEVADA } SS.
County of Clark. }

I, Ernest H. Clary, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn from information on the U.S.G.L.O. 1943 plat of T.21S., R.62E., M.D.B.&M; from information on a map by L.A. Harris (Application No. 17,199-S-2) and from a reconnaissance survey and a search for corners made by me on August 31, 1964; that it truly and correctly represents the location of the original point of diversion (which is also near the Nevada Power Co. works to convey/pump the water) and also the place of use (Sunrise Steam Plant) from the Las Vegas Sewage Disposal Plant &/or its Effluent Canal by Nevada Power Company for power (steam-electric plant) purposes in Clark County. That the boundary of all lands showing by 40-acre (or less) subdivisions the areas in which the water is to be beneficially used are fully and correctly designated thereon.

Ernest H. Clary
State Water Right Surveyor.

Subscribed and sworn to before me this 16th day of September, 1964.

Phillip B. McVey
Notary Public in and for Clark County, Nevada.
My Commission expires October 16, 1965.

MAP
TO ACCOMPANY APPLICATION TO APPROPRIATE WATER FOR POWER BY NEVADA POWER COMPANY FROM THE LAS VEGAS SEWAGE DISPOSAL PLANT &/OR ITS EFFLUENT CANAL.
