I, Robert S. Leighton, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made under my direction on August 12 & 13, 1957; that it truly and correctly represents the proposed location and extent of proposed works used by the Federal Uranium Corp. to divert water from an underground source in Pershing County for mining and domestic purposes. That the location of the place of use, pipe lines and names of all other works connected with or crossed by the proposed works are correctly designated thereon.
