APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the

following limitations and conditions: This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 21756 is issued subject to the terms and conditions imposed in said

Permit 21756 and with the understanding that no other rights on the

source will be affected by the change proposed herein. The well shall

be equipped with a 2-inch opening, an air line and a weir or other

type of measuring device at or near the well to facilitate the measure-

ment and control of the water. If well is flowing, a valve must be

installed and maintained to prevent waste. The State reserves the

right to regulate the use of the water under this proposed change at

any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed 5.4 cubic feet per second, but not to exceed a

yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.
