Application No. 4384 Certificate Record No. 651 Book 4 Page 681

THE STATE OF NEVADA

CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, J.C. Rix, Assistant Secretary, Rochester Combined Mines Co., has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Woody Canyon Spring and Tunnel through the Rochester Combined Pipeline for Mining and Milling. purposes. The point of diversion of water from the source is as follows: in the SE¼SW¼ Sec. 27, T. 28 N. R. 34 E., near SW corner said 40 acre tract. situated in Pershing County, State of Nevada.

NOW KNOW YE, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of 1913, has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator Rochester Combined Mines Co.

Postoffice address Rochester, Pershing County, Nevada.

Amount of appropriation 0.028 of a cubic foot of water per second.

Period of use, from January 1st to December 31st of each year, inclusive.

Date of priority of appropriation April 4th, 1917.

Description of works of diversion and use: Water is diverted from a spring and tunnel on the Thanksgiving lode mining claim and conveyed through 1370' of 2" wood stave pipe where it joins with the Rochester Combined Pipeline, which is constructed of wood stave pipe 4" in diameter and 5280' long. Water is thus conducted to two tanks 32' and 30' in diameter from which it is used for milling in the Rochester Combined Mill. Both tanks and mill are located in the NW¼SW¼ Sec. 28, T. 28 N.R. 34 E., M. D. B. & M.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I, J. G. Scrugham, State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 20th day of July, A.D. 1922.

J. G. Scrugham
State Engineer
