
Water to be used for proposed placer mining operation of varied width along the channel of American Canyon

State of Nevada } SS.
County of Pershing

I, Robert S Leighton, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made under my supervision on the 10th day of October, 1962 that it truly and correctly represents the location and extent of the proposed works used to divert water from an underground source, in Pershing County, by Jack Davin for mining and milling purposes. That the proposed point of diversion, the approximate location and size of diverting conduit, and the location and names of all other works or streams which are crossed or connected with said works are fully and correctly designated hereon.

Robert S Leighton
State Water Right Surveyor

Subscribed and sworn to before me this 16th day of January 1963

Notary Public in and for Pershing County Nevada
