I, J A Millar, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on October 24th and 25th, 1962; that it truly and correctly represents the location and extent of the works used to divert water from Hansen Spring, in Douglas County, Nevada, by Hugh W. Hansen for stockwatering and domestic purposes. That the point of diversion, the location of the water tank, the location and size of the pipe lines, and the number and size of outlets from the main pipe line, are fully and correctly designated thereon. J. A. Millar

State Water Right Surveyor.

Subscribed and sworn to before me this 16th day of November, 1962. M. Kathryn Barrett
