
State of Nevada
County of Nye } s.s.

I, B.L. Ortiz, being first duly sworn depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 6th day of January and the 8th day of January, 1966; that it truly and correctly represents the location and extent of the proposed works used to divert water from underground sources in Nye County by Richard E. & Angela C. Blakemore for Domestic and Quasi-Municipal (Airport) purposes.
That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names off all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

B. L. Ortiz
