APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the

following limitations and conditions: This permit to change the manner of use of the waters of Lake Tahoe as heretofore granted under Permit 12649 is issued subject to the terms and conditions imposed in said Permit 12649 and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable meter must be installed in the discharge line of the pumping station and an accurate measurement of the total amount of water diverted to beneficial use must be recorded at all times. This permit is subject to and made a part of the allocation of water to the State of Nevada under the final provisions of the California-Nevada Interstate Compact. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0 cubic feet per second, but not to exceed 20.0 million gallons annually.

- Actual construction work shall begin on or before October 9, 1969
- Proof of commencement of work shall be filed before November 9, 1969
- Work must be prosecuted with reasonable diligence and be completed on or before October 9, 1970
- Proof of completion of work shall be filed before November 9, 1970
- Application of water to beneficial use shall be made on or before October 9, 1973
- Proof of the application of water to beneficial use shall be filed on or before November 9, 1973
- Map in support of proof of beneficial use shall be filed on or before
