APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of cattle served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal Range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0022 cubic feet per second or sufficient to water 60 head of cattle and 10 horses annually.

Actual construction work shall begin on or before October 17, 1970  
 Proof of commencement of work shall be filed before November 17, 1970  
 Work must be prosecuted with reasonable diligence and be completed on or before October 17, 1971  
 Proof of completion of work shall be filed before November 17, 1971  
 Application of water to beneficial use shall be made on or before October 17, 1972  
 Proof of the application of water to beneficial use shall be filed on or before November 17, 1972
