 Ruling No. 1771

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit is further subject to an existing decree on the source and issued with the understanding that there will be no regulation of decreed rights for the benefit of this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.3 cubic feet per second, but not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before September 25, 1971  
 Proof of commencement of work shall be filed before October 25, 1971  
 Work must be prosecuted with reasonable diligence and be completed on or before September 25, 1972  
 Proof of completion of work shall be filed before October 25, 1972  
 Application of water to beneficial use shall be made on or before September 25, 1975  
 Proof of the application of water to beneficial use shall be filed on or before October 25, 1975  
 Map in support of proof of beneficial use shall be filed on or before October 25, 1975
