APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source.
It is understood that the amount of water herein granted is only a
temporary allowance and that the final water right obtained under this
permit will be dependent upon the period of use and the average number
of cattle served from the waters of this source. The State retains
the right to regulate the use of the water herein granted at any and
all times but does not take responsibility for the use of the
Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.012425 cubic feet per second, or sufficient water to water 100 head of cattle and 1500 head of sheep yearly.
