I, Richard W. Arden, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me or under my supervision and direction, between the 1st day of January and the 1st day of April, 1973; that it truly and correctly represents the proposed extent and location of the works used to divert water from underground sources in Washoe County by "COLD SPRINGS DEVELOPMENT CORP." for quasi-municipal subdivision and domestic purposes.
