I, Eugene B. Longfield, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 11th day of February, 1974; that it truly and correctly represents the the location and extent of the works used to divert water from an underground source in Washoe County, by John C. Kelly and Ruth A. Kelly for irrigation and domestic purposes. That the point of diversion, the location, size of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by applicant upon which water is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with such works are fully and correctly designated thereon.
