I, Richard L. Meehan, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction), between the 23rd day of October and the 28th day of October, 1974; that it truly and correctly represents the proposed changes in place and manner of use of water from Johnson Creek and Springs in Elko County. That all other works or streams which are crossed by or connected with said works, and the boundary, area and kind of culture of lands irrigated, are correctly shown and designated hereon.
