I, E.H. Sweetland, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on Nov. 1, 1927 and Nov. 10, 1927, that it truly and correctly represents the location and extent of the works used to divert water from Skunk Harbor Creek, in Ormsby County, by Mrs Caroline T. Newhall for Domestic purposes under application № 6830.

That the point of diversion, the location, size and grades of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under application No 6830 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
