APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 13690 is issued subject to the terms and conditions imposed in said Permit 13690 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a parshall flume. The location of the latter to be approved by the State Engineer. If well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030; The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.085 cubic feet per second, but not to exceed 5.0 acre feet annually.

Actual construction work shall begin on or before April 6, 1973  
Proof of commencement of work shall be filed before May 6, 1973  
Work must be prosecuted with reasonable diligence and be completed on or before April 6, 1974  
Proof of completion of work shall be filed before May 6, 1974  
Application of water to beneficial use shall be made on or before April 6, 1975  
Proof of the application of water to beneficial use shall be filed on or before May 6, 1975  
Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed MAY 14 1973  
Completion of work filed JUN 6 1975  
Proof of beneficial use filed JUN 6 1975
