STATE OF NEVADA
COUNTY OF ESMERALDA } ss.

I, Ed. S. Giles, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale, from field notes of a survey made by me on the 20th day of November, 1944, that it truly and correctly represents the works used to divert water from Sand Spring in Esmeralda County by Ira D. McNett for irrigation purposes under Application No. 8401. That the point of diversion, the location, size and grade of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Application No. 8401, is used together with the area and kind of culture in each 40 acre subdivision, and the location and names of all other streams or works which are crossed by or connected with said works are fully and correctly designated thereon.

Ed. S. Giles
