I, Geo. T. Saxton, being first duly sworn depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 15th day of May, 1932; that it truly and correctly represents the location and extent of the works used to divert water from Cherry Creek in Nye County, by Theodore Youngs and wife for irrigation purposes. That all other works or streams which are crossed by or connected with said works, and the boundary, area, and kind of culture of lands irrigated, are correctly shown and designated thereon.

Geo. T. Saxton
